TITLE:	Regulations: Effective Dates and Legislative Review
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Failed
LOCATION:	ASSEMBLY
CODE SECTION:	

An act to amend Sections 11343.4 and 11349.3 of the Government Code, relating to regulations.

SUMMARY:

Requires the Office of Administrative Law to submit to each house of the Legislature for review a copy of each major regulation that it submits to the Secretary of State. Adds another exception to those currently provided that specifies that a regulation does not become effective if the Legislature enacts a statute to override the regulation.

DIGEST:

AB 77, as amended, Fong. Regulations: effective dates and legislative review. The Administrative Procedure Act governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. That act requires an agency, prior to submitting a proposal to adopt, amend, or repeal an administrative regulation, to determine the economic impact of that regulation, in accordance with certain procedures. The act defines a major regulation as a regulation that the agency determines has an expected economic impact on California business enterprises and individuals estimated to exceed $50,000,000. The act requires the office to transmit a copy of a regulation to the Secretary of State for filing if the office approves the regulation or fails to act on it within 30 days. The act provides that a regulation or an order of repeal of a regulation becomes effective on a quarterly basis, as prescribed, except in specified instances, including if a regulation adopted by the Fish and Game Commission requires a different effective date to conform with federal law. This bill would require the office to submit to each house of the Legislature for review a copy of each major regulation that it submits to the Secretary of State. The bill would add another exception to those currently provided that specifies that a regulation does not become effective if the Legislature enacts a statute to override the regulation.

TITLE:	At-Risk Persons: First Responders
FISCAL COMMITTEE:	no
URGENCY CLAUSE:	no
DISPOSITION:	Failed
LOCATION:	ASSEMBLY
CODE SECTION:	

SUMMARY:

An act to add Section 14217 to the Penal Code, relating to at-risk persons.

Requires the Attorney General to establish and maintain within the Violent Crime Information Center a Voluntary Online At-Risk Community Network for purposes of providing information to first responders in order to prevent harmful interactions between first responders and seniors or persons with disabilities. Provides for broadcast of a Be on the Lookout bulletin within its jurisdiction under circumstances upon which a person in the network is missing or needs assistance.

DIGEST:

AB 437, as amended, Rodriguez. At-risk persons: first responders.

Existing law requires the Attorney General to establish and maintain the Violent Crime Information Center to assist in the identification and the apprehension of persons responsible for specific violent crimes and for the disappearance and exploitation of persons, particularly children and at-risk adults.

This bill would require the Attorney General to establish and maintain within the center a Voluntary Online At-Risk Community Network for purposes of providing information to first responders in order to prevent harmful interactions between first responders and seniors or persons with disabilities, as defined. The bill would prescribe the information that a senior, a person with a disability, a person with a limited conservatorship of a person with a developmental or intellectual disability, as specified, or a parent or legal guardian of a minor child with a disability may voluntarily provide to the Attorney General for inclusion in the network, and prescribe how the network would be developed and communicated to the public, as specified. The bill would prohibit a conservator from submitting information on behalf of a conservatee if the conservatee directs the conservator not to submit information. The bill would require specified first responders to broadcast a "Be on the Lookout" bulletin within its

jurisdiction under circumstances upon which a person in the network is missing or needs assistance. By imposing new duties on local entities under various provisions of the bill, the bill would create a state-mandated local program.
The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.
This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

[D>~~An act relating to elections.~~ </D] [A>An act to amend Section 7.1 of the Civil Code, to amend Sections 37720, 45203, 79020, 79030, and 88203 of the Education Code, to amend Section 1100 of the Elections Code, to amend Sections 6700, 19853, and 19853.1 of the Government Code, and to

amend Section 4692 of the Welfare and Institutions Code, relating to elections.<A]

SUMMARY:

Adds the day on which a statewide general election is held, which is the first Tuesday after the first Monday in November of any even-numbered year, to the list of designated holidays. Requires community colleges and public schools to close on any day on which a statewide general election is held.

DIGEST:

AB 674, as amended, Low. Election day holiday.

Existing law requires congressional and state elective offices to be elected at an election held on the first Tuesday after the first Monday in November of each even-numbered year. Existing law requires a presidential general election to be held on the first Tuesday after the first Monday in November in any year that is evenly divisible by the number 4.

Existing law designates specific days as holidays in this state. Existing law designates holidays on which community colleges and public schools are required to close. Existing law entitles state employees, with specified exceptions, to be given time off with pay for specified holidays. Existing law designates optional bank holidays.

This bill would add the day on which a statewide general election is held, which is the first Tuesday after the first Monday in November of any even-numbered year, to these lists of holidays. The bill would require community colleges and public schools to close on any day on which a statewide general election is held. The bill would require that state employees, with specified exceptions, be given time off with pay for days on which a statewide general election is held.

By increasing the duties of local officials, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

CODE SECTION:	

An act to add Sections 3016.5 and 3116.5 to the Elections Code, relating to elections.

SUMMARY:

Requires a county elections official to permit a voter with a disability, or a military or oversees voter, to cast his or her ballot using a certified remote accessible vote by mail system.

DIGEST:

AB 973, Low. Remote accessible vote by mail system.

Existing law permits a person, corporation, or public agency to apply to the Secretary of State for certification or conditional approval of a remote accessible vote by mail system. Existing law requires the Secretary of State to examine and certify remote accessible vote by mail systems, as specified.

Existing law permits a voter, including a voter with a disability or a military or overseas voter, to apply for and receive a vote by mail ballot from his or her county elections official. Existing law also authorizes specified counties to conduct an election as an all-mailed ballot election if specified requirements are satisfied, including requirements relating to accessibility by voters with disabilities.

This bill, beginning January 1, 2020, would require a county elections official to permit a voter with a disability, or a military or overseas voter, to cast his or her ballot using a certified remote accessible vote by mail system. This requirement would not apply to a county when conducting an all-mailed ballot election, as specified.

By imposing additional duties on local elections officials, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions

establish procedures for making that reimbursement.
This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

CA AB 1026

AUTHOR: Dababneh [D]

TITLE: California Health Facilities Financing Authority Act

FISCAL COMMITTEE: yes

URGENCY CLAUSE: no

DISPOSITION: Failed

LOCATION: ASSEMBLY

CODE SECTION:

An act to amend Section 15432 of the Government Code, and to amend Sections 129005, 129010, 129020, 129090, and 129173 of the Health and

Safety Code, relating to health facilities, and making an appropriation therefor.

SUMMARY:

Relates to a program which provides loans from the Health Facilities Financing Authority Fund to health institutions for financing or refinancing the acquisition, construction, or remodeling of health facilities. Expands the program to include certain for-profit skilled nursing facilities when at least a certain portion of their patients are Medi-Cal beneficiaries. Expands the Health Facility Construction Loan Insurance Program to include such for-profit corporations.

DIGEST:

AB 1026, as introduced, Dababneh. California Health Facilities Financing Authority Act: California Health Facility Construction Loan Insurance Law.

The California Health Facilities Financing Authority Act authorizes the California Health Facilities Financing Authority to, among other things, make loans from the continuously appropriated California Health Facilities Financing Authority Fund to participating health institutions, as defined, for financing or refinancing the acquisition, construction, or remodeling of health facilities.

This bill would expand the program to include for-profit skilled nursing facilities when at least 60% of their patients are Medi-Cal beneficiaries by adding those entities to the definition of "participating health institutions." Because this bill would expand the purposes for which a continuously appropriated fund may be used, it would make an appropriation.

Existing law establishes the California Health Facility Construction Loan Insurance Law to provide, without cost to the state, an insurance program for health facility construction, improvement, and expansion loans in order to stimulate the flow of private capital into health facilities construction, improvement, and expansion and in order to rationally meet the need for new, expanded, and modernized public and nonprofit health facilities necessary to protect the health of all the people of this state. Existing law establishes the Health Facility Construction Loan Insurance Fund in the State Treasury, to be continuously appropriated to carry out the provisions and administrative costs of the insurance program. Under existing law, political subdivisions, as defined, and nonprofit corporations are authorized to apply for state insurance of needed construction, improvement, or expansion loans for construction, remodeling, or acquisition of health facilities, as provided, and applicants are required to pay an application fee not to exceed $500, which is deposited into the fund.

This bill would expand the program to include for-profit corporations that operate skilled nursing facilities when at least 60% of their patients are Medi-Cal beneficiaries by, among other things, adding those entities to the definition of "health facilities" and making those entities eligible to apply for the insurance program. The bill would also make conforming changes. Because this bill would add a new source of revenue and expand the purposes for which a continuously appropriated fund may be used, it would make an appropriation.

	FISCAL COMMITTEE:	yes
	URGENCY CLAUSE:	no
	DISPOSITION:	Failed
	LOCATION:	ASSEMBLY
	CODE SECTION:	

SUMMARY:

An act to amend Section 69.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

Authorizes any person over 55 years of age or any severely and permanently disabled person to transfer the base year value of an original property to a replacement dwelling located in a different county without the adoption of a county ordinance so providing.

DIGEST:

AB 1322, as introduced, Bocanegra. Property taxation: intercounty base year value transfers.

The California Constitution and existing property tax law authorize a person who is either severely disabled or over 55 years of age to transfer the base year value, as defined, of property that is eligible for the homeowners' property tax exemption to a replacement dwelling that is of equal or lesser value located within the same county as the property from which the base year value is transferred, and if a county ordinance so providing has been adopted, to a replacement dwelling that is located in a different county.

This bill would authorize any person over 55 years of age or any severely and permanently disabled person to transfer the base year value of an original property to a replacement dwelling located in a different county without the adoption of a county ordinance so providing. The bill would limit this provision to transfers of base year value that occur on or after January 1, 2019.

By changing the manner in which local assessors assess property for property taxation purposes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Existing law requires the state to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation.

This bill would provide that, notwithstanding those provisions, no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would take effect immediately as a tax levy, but would become operative only if Assembly Constitutional Amendment _____ of the 2017-18 Regular Session is approved by the voters.

DISPOSITION:	Pending
LOCATION:	Senate Appropriations Committee
CODE SECTION:	

An act to add Sections 4629.2 and 4686.1 to, and to add and repeal Section 4573 of, the Welfare and Institutions Code, relating to developmental services.

SUMMARY:

Amends the Lanterman Developmental Disabilities Services Act. Requires all regional center contracts to include provisions requiring the regional center to review all vendor contracts at regular intervals. Requires an employer to conduct a criminal background check for a prospective in-home respite worker prior to employment.

DIGEST:

AB 1380, as amended, Santiago. Developmental services: regional center services.

Existing law, the Lanterman Developmental Disabilities Services Act, requires the State Department of Developmental Services to enter into contracts with private nonprofit corporations to operate regional centers for the provision of community services and supports for persons with developmental disabilities and their families. Existing law sets forth the duties of the regional centers, including, but not limited to, development of individual program plans, the purchase of needed services to implement the plan, and monitoring of the delivery of those services.

This bill would require all regional center contracts to include provisions requiring the regional center to develop a process by which all vendor contracts are reviewed at least once every 2 years and to require that the regional center take appropriate action to ensure that vendors comply with the contracts, up to

and including terminating the vendorization if necessary.
The bill would also require each regional center to submit the findings of the vendor contract reviews to the department. The bill would require the department to submit a report to the Legislature describing in detail the outcomes of the reviews, including what steps are being taken by each regional center to ensure that vendors comply with contract requirements and how many, if any, contracts are terminated as a result of the reviews.
Existing law authorizes the provision of in-home respite care for regional center consumers and specifies training requirements for those providers.
This bill would require an employer to submit the fingerprints of a prospective in-home respite worker to the Department of Justice for a criminal background check prior to employment. The bill would prohibit employment of an in-home respite worker that has been convicted for, or incarcerated following conviction for, specified crimes, including fraud against a government health program or a serious or violent felony, as specified, and would authorize a consumer or an applicant to petition the State Department of Developmental Services for a waiver of, or to seek an exception from, as applicable, these provisions.
The bill would also require the State Department of Developmental Services to conduct an in-depth review of in-home respite provider rates by November 1, 2018, and to report the results of that review, on or before January 1, 2020, to the Legislature, as provided.
Existing law requires an entity that receives payments from one or more regional centers to contract with an independent accounting firm to obtain an independent audit or independent review report of its financial statements relating to payments made by regional centers.
This bill would specifically require the State Department of Developmental Services to collect in-home respite care vendors' financial statements.

CA AB 1539

AUTHOR: Chen [R]

TITLE: Mental Health

FISCAL COMMITTEE: no

URGENCY CLAUSE: no

DISPOSITION: Failed

LOCATION: ASSEMBLY

CODE SECTION:

An act to amend[D> ~~Section 5512~~</D] [A> Section 1799.111 of the Health and Safety Code, and to amend Sections 5008, 5250, and 5350<A] of the Welfare and Institutions Code, relating to mental health.

SUMMARY:

Expands the definition of "gravely disabled" for provisions related to involuntary commitment and treatment of persons with specified mental disorders for the protection of the committed persons to include a condition in which a person, as a result of a mental health disorder or chronic alcoholism, as applicable, is unable to provide for his or her medical care.

DIGEST:

AB 1539, as amended, Chen. Mental health.

Existing law, the Lanterman-Petris-Short Act, provides for the involuntary commitment and treatment of persons with specified mental disorders for the protection of the persons so committed. Under the act, when a person, as a result of a mental health disorder, is a danger to others, or to himself or herself, or is gravely disabled, he or she may, upon probable cause, be taken into custody by a peace officer, a member of the attending staff of an evaluation facility, designated members of a mobile crisis team, or another designated professional person, and placed in a facility designated by the county and approved by the State Department of Social Services as a facility for 72-hour treatment and evaluation. Existing law, for these purposes defines "gravely disabled" to mean either a condition in which a person, as a result of a mental health disorder or chronic alcoholism, is unable to provide for his or her basic personal needs for food, clothing, or shelter, or a condition in which a person has been found mentally incompetent, as specified, and various facts exist. Existing law also provides immunity from civil and criminal liability for the detention for specified licensed general acute care hospitals, licensed acute

psychiatric hospitals, licensed professional staff at those hospitals, or any physician and surgeon providing emergency medical services in any department of those hospitals if various conditions are met, including that the detained person cannot be safely released from the hospital because, in the opinion of specified treating staff, the person, as a result of a mental disorder, presents a danger to himself or herself, or others, or is gravely disabled, as defined.

This bill would expand the above definition of "gravely disabled" to also include a condition in which a person, as a result of a mental health disorder or chronic alcoholism, as applicable, is unable to provide for his or her medical care. The bill would make conforming changes.

Existing law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent. Existing law establishes a process by which a defendant's mental competency is evaluated and by which the defendant is committed to a facility for treatment. If the defendant is gravely disabled, as defined above, upon his or her return to the committing court, existing law requires the court to order the conservatorship investigator of the county to initiate conservatorship proceedings on the basis that the indictment or information pending against the person charges a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person.

By expanding the above definition of "gravely disabled," the bill would increase the duties on local agencies, and would therefore impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

CA AB 1569

AUTHOR:	Caballero [D]
TITLE:	Disability Rights: Reasonable Accommodations: Animals
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Failed
LOCATION:	ASSEMBLY

CODE SECTION:

An act to amend Section 54.1 of the Civil Code, relating to disability rights.

SUMMARY:

Provides that if a prospective or current tenant requests a disability-related reasonable accommodation to keep an animal on the real property and the disability is not readily apparent, a prospective or current tenant may be requested to provide reliable verification of the disability and the disability-related need for the animal.

DIGEST:

AB 1569, as amended, Caballero. Disability rights: reasonable accommodations: animals.

The Unruh Civil Rights Act generally prohibits discrimination on the basis of various personal characteristics, including disability. Existing law entitles individuals with disabilities to full and equal access to all housing accommodations offered for rent, lease, or compensation in this state, as provided, and prohibits a person renting, leasing, or otherwise providing real property for compensation from refusing to make reasonable accommodations for an individual with a disability. The California Fair Employment and Housing Act, among other things establishes the Department of Fair Employment and Housing and authorizes it to receive, investigate, conciliate, mediate, and prosecute complaints alleging various civil rights violations, including violations of these provisions regarding individuals with disabilities.

This bill, if a prospective or current tenant requests a disability-related reasonable accommodation to keep an animal on the real property and the disability is not readily apparent or the disability-related need for an animal is not apparent, would authorize a person renting, leasing, or otherwise providing real property for compensation to request that a prospective or current tenant provide reliable verification of the disability and the disability-related need for the animal. The bill would require that the third party, among other things, have specific knowledge of the prospective or current tenant's medical condition based on an individualized examination. The bill would specify that certain types of documentation would not be in and of themselves sufficient or reliable third-party verification and would authorize the person renting, leasing, or otherwise providing real property for compensation to request additional third-party verification from a reliable source if the prospective or current tenant only presents any of those types of documentation. The bill would exclude from these provisions guide dogs and service animals, as those terms are defined in specified statutes. The bill would make various findings and declarations.

CA AB 1610

AUTHOR: Ridley-Thomas S [D]

TITLE: Development Services: Regional Centers

FISCAL COMMITTEE: no

URGENCY CLAUSE: no

DISPOSITION: Failed

LOCATION: ASSEMBLY

CODE SECTION:

SUMMARY:

An act to amend Sections 95020 and 95021 of the Government Code, and to amend Sections 4502.1, 4646.5, 4659, and 4686.2 of, to add Sections 4646.45 and 4648.7 to, and to repeal Sections 4648.5, 4648.6, and 4686.5 of, the Welfare and Institutions Code, relating to developmental services.

Amends the Lanterman Developmental Disabilities Services Act. Requires regional centers to provide certain information to a consumer during the individual program plan process and to an infant's or toddler's parents or representative at a plan meeting and annually thereafter. Makes a requirement concerning the rights of individuals with developmental disabilities applicable to representatives of a consumer. Requires regional centers to pay for certain medical or dental services.

DIGEST:

AB 1610, as amended, Ridley-Thomas. Developmental services: regional centers.

(1) Existing law, the California Early Intervention Services Act, provides a statewide system of coordinated, comprehensive, family-centered, multidisciplinary, and interagency programs that are responsible for providing appropriate early intervention services and supports to all eligible infants and toddlers, as defined, and their families and requires an eligible infant or toddler receiving services under the act to have an individualized family service plan. The act requires these services to be provided pursuant to the existing regional center system under the Lanterman Developmental Disabilities Services Act. Under existing law, the Lanterman Developmental Disabilities Services Act, the State Department of Developmental Services is responsible for providing various services and supports to individuals with developmental disabilities, and for ensuring the appropriateness and quality of those services and supports. Under existing law, the department contracts with regional centers to provide services and supports to persons with developmental disabilities. The services and supports to be provided to a regional center consumer are contained in an individual program plan, developed in accordance with prescribed requirements. This bill would require regional centers to provide certain information to a consumer during the individual program plan process and to an infant's or toddler's parents, legal guardian, conservator, or authorized representative at the initial individualized family service plan meeting and annually thereafter.

(2) Existing law requires each service identified on the individualized family service plan to be designated as an early intervention service, another service that the eligible infant or toddler or his or her family may receive from other state programs, or a referral to a nonrequired service that may be provided to an eligible infant or toddler or his or her family. With the exception of durable

medical equipment, existing law prohibits a regional center from purchasing nonrequired services but authorizes a regional center to refer a family to a nonrequired service, as specified. Under existing law, the granting or denial of nonrequired services by a public or private agency is not subject to appeal.
This bill would additionally make an exception for respite services and other family support services to the prohibition on the purchase of nonrequired services. The bill would also make the granting or denial of durable medical equipment, respite services, and other family support services subject to appeal.
(3) Existing law states the right of individuals with developmental disabilities to make choices in their own lives requires that public or private agencies receiving state funds for the purpose of serving those persons respect the choices made by consumers or, if appropriate, their parents, legal guardian, or conservator.
This bill would make the requirement that public or private agencies receiving state funds respect the choices made by consumers, as described above, specifically applicable to choices made by an authorized representative of a consumer, if appropriate. The bill would also require a regional center to provide information in a manner that is culturally and linguistically appropriate for the consumer or, when appropriate, the consumer's parents, legal guardian, conservator, or authorized representative, as specified.
(4) Existing law requires the department, in consultation with stakeholders, to develop an alternative service delivery model that provides an Individual Choice Budget for obtaining quality services and supports that provides choice and flexibility within a finite budget that, in the aggregate, reduces regional center purchase of service expenditures, reduces reliance on the General Fund, and maximizes federal financial participation. Existing law prohibits a regional center from purchasing specified services, including, among others, nonmedical therapies or social recreation activities, except as specified, and places certain restrictions on the purchase of respite services by a regional center, pending implementation of the Individual Choice Budget.
This bill would repeal the provisions relating to the Individual Choice Budget and the prohibitions and restrictions on the purchase of the above-described services. The bill would require the department, by March 31, 2018, to convene a task force to develop a purchase of services budget and allocation methodology based on consumer needs. The bill would require the task force to include the department and specified representatives, including, among others, representatives of consumers and families, as specified, regional centers, and providers. The bill would require the task force to submit a report of its recommendations on implementing the methodology to the Legislature by August 31, 2018.
(5) Existing law generally prohibits, beginning July 1, 2009, a regional center from purchasing medical or dental services for a consumer 3 years of age or older unless the regional center is provided with documentation of a Medi-Cal, private insurance, or a health care service plan denial and the regional center determines that an appeal of the denial by the consumer or family does not have merit. Existing law authorizes a regional center to pay for medical or dental services during certain periods, including, among others, while coverage is being pursued, but before a denial is made.
This bill would instead require a regional center to pay for medical or dental services identified as necessary to implement the consumer's individual program plan during those periods.
(6) Existing law also requires a regional center to only purchase applied

behavioral analysis (ABA) services or intensive behavioral intervention services when the parent or parents of minor consumers receiving services participate in the intervention plan for the consumers.
This bill would instead require a regional center, to the extent feasible, to facilitate a parent's or caregiver's participation in ABA or intensive behavioral intervention services for a minor consumer receiving those services through the provision of additional services and supports, accommodations, or both. The bill would prohibit a parent's or caregiver's failure to participate in ABA or intensive behavioral intervention services from being used to deny, delay, or reduce the provision of those services.

AUTHOR:	Santiago [D]
TITLE:	Federal 21st Century Cures Act: Crisis Response Plan
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Pending
LOCATION:	Assembly Appropriations Committee
CODE SECTION:	

An act to add Section 14124.14 to the Welfare and Institutions Code, relating to crisis intervention.

SUMMARY:

Requires the State Department of Health Care Services to develop and submit an application to solicit a grant under federal law to develop a community-based crisis response plan and requires the grant application to include, at a minimum, a plan for specified objectives. Requires the department to confer with specified stakeholders in developing its grant proposal and application.

DIGEST:

AB 2112, as introduced, Santiago. Federal 21st Century Cures Act: community-based crisis response plan: grant.

Existing law establishes the State Department of Health Care Services within the California Health and Human Services Agency and sets forth the powers and duties of the department with regard to the administration and state oversight of mental health and substance use disorder functions and programs in this state, and the Medi-Cal program. Existing law authorizes the State Department of Health Care Services to enter into exclusive or nonexclusive contracts, or to amend existing contracts, on a bid or negotiated basis for the purpose of administering or implementing any federal grant awarded pursuant to the federal 21st Century Cures Act.

Existing federal law, the 21st Century Cures Act, authorizes the United States Secretary of Health and Human Services to award competitive grants to state and local governments and Indian tribes and tribal organizations to enhance community-based crisis response systems that, among other things, promote integration and coordination between local public and private entities engaged in crisis response, such as first responders, health care providers, and behavioral health providers, and addresses gaps in community resources for

crisis intervention and prevention.
This bill would require the State Department of Health Care Services to develop and submit an application to solicit a grant under the federal authority described above to develop a community-based crisis response plan and would require the grant application to include, at a minimum, a plan for specified objectives. The bill would require the department to confer with specified stakeholders in developing its grant proposal and application. The bill would require the department, if awarded a grant, to submit to the United States Secretary of Health and Human Services, at the time and in the manner, and containing the information, as the Secretary may reasonably require, a report, including an evaluation of the effect of that grant on, among other things, local crisis response services and measures for individuals receiving crisis planning and early intervention supports. The bill would also require the department to submit a copy of this report to the Legislature.

CODE SECTION:

An act to amend Section 1522.08 of the Health and Safety Code, relating to administrative actions.

SUMMARY:

Requires the California Department of Aging, the State Department of Public Health, the State Department of Health Care Services, the State Department of Social Services, and the Emergency Medical Services Authority to share the information relating to administrative actions under the 2 respective provisions.

DIGEST:

AB 2397, as introduced, Obernolte. Health and human services: information sharing: administrative actions.
Existing law, the California Community Care Facilities Act, provides for the licensure and regulation of community care facilities, as defined, by the State Department of Social Services. Existing law, in order to protect the health and safety of persons receiving care or services from individuals or facilities licensed by the state or from individuals certified or approved by a foster family agency,

authorizes the California Department of Aging, the State Department of Public Health, the State Department of Health Care Services, the State Department of Social Services, and the Emergency Medical Services Authority to share information with respect to applicants, licensees, certificate holders, or individuals who have been the subject of any administrative action, as defined, resulting in one of specified actions, including, among others, the denial of a license, permit, or certificate of approval. Existing law also authorizes, for the same purpose, the State Department of Social Services and county child welfare agencies to share those same types of information.
This bill would instead require the above-described agencies to share the information relating to administrative actions under the 2 respective provisions.
By creating new duties for county officials, this bill would impose a state-mandated local program.
The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.
This bill would provide that no reimbursement is required by this act for a specified reason.

TITLE: Fire Safety

FISCAL COMMITTEE: yes

URGENCY CLAUSE: no

DISPOSITION: Pending

COMMITTEE: Assembly Appropriations Committee

HEARING: 05/16/2018 9:00 am

CODE SECTION:

An act to amend Sections 51189 and 65302.5 of the Government Code, and to amend Sections 4291, 4291.3, and 4293 of, and to add[D> ~~Section~~ </D][A> Sections <A] 4290.5[A> and 4295.5 <A] to, the Public Resources Code, relating to fire safety.

SUMMARY:

Requires that the State Fire Marshal to recommend updated building standards that provide for comprehensive site and structure fire risk reduction to protect structures from fires spreading based on lessons learned from past wildfires and to develop a list of low cost retrofits that provide for comprehensive site and structure fire risk reduction. Requires a guidance document on certain fire resistance native vegetation to be posted on the Department of Forestry's website.

DIGEST:

AB 2911, as amended, Friedman. Fire safety.

(1) Existing law requires, no later than January 1, 2005, the State Fire Marshal, in consultation with the Director of Forestry and Fire Protection and the Director of Housing and Community Development, to recommend building standards that provide for comprehensive site and structure fire risk reduction to protect structures from fires spreading, as provided.

This bill would require the State Fire Marshal, no later than January 31, 2020, in consultation with the Director of Forestry and Fire Protection and the Director of Housing and Community Development, to recommend updated building standards that provide for comprehensive site and structure fire risk reduction to protect structures from fires spreading, as specified, based on lessons learned from the wildfires of 2017 and to develop a list of low-cost retrofits that provide for comprehensive site and structure fire risk reduction, as provided.

(2) Existing law requires each planning agency to prepare and the legislative body of each county and city to adopt a comprehensive, long-term general plan, including a safety element, for the physical development of the county or city, as provided. Existing law requires the draft element of or draft amendment to the safety element of a county or city's general plan to be submitted to the State Board of Forestry and Fire Protection and to every local agency that provides fire protection to territory in the city or county at least 90 days prior to specified events.

This bill would instead require the draft element of or draft amendment to the safety element be submitted to the above-described entities six months prior to the specified events.

Existing law requires a county that contains state responsibility areas and a city or county that contains a very high fire hazard severity zone to submit for review the safety element of its general plan to the board and every local agency that provides fire protection to territory in the city or county in accordance with a specified schedule based on location, as provided.

This bill would instead require the safety element to be submitted on July 1, 2020, and every 5 years thereafter.

By expanding the responsibilities of a local agency with respect to the submittal of a safety element, the bill would impose a state-mandated local program.

Existing law authorizes the State Board of Forestry and Fire Protection to review and recommend changes to the safety element, as provided. Existing law authorizes the board of supervisors or the city council to consider the changes made by the board.

This bill would authorize the State Board of Forestry and Fire Protection to request a consultation with the board of supervisors or city council if the local agency decides not to adopt the board's changes, as provided. Because the bill would require local officials to consult with the board, this bill would impose a state-mandated local program.

(3) Existing law requires the State Board of Forestry and Fire Protection to

adopt regulations implementing minimum fire safety standards related to defensible space applicable to state responsibility area lands, as provided.
This bill would require, on or before July 1, 2021, and every 5 years thereafter, the board, in consultation with the State Fire Marshal, to survey local governments and fire districts to identify existing subdivisions, as defined, in either a state responsibility area or a very high fire hazard severity zone, without secondary egress routes, that are at significant fire risk. The bill would require the board, in consultation with the State Fire Marshal and the local governments identified above, to develop recommendations to improve the subdivision's fire safety, as provided. The bill would require the board to provide final recommendations to the identified local governments.
(4) Existing law requires the Department of Forestry and Fire Protection to develop, periodically update, and post on its Internet Web site a guidance document on fuels management. Existing law requires the guidance to include, but not be limited to, regionally appropriate vegetation management suggestions that preserve and restore native species.
This bill would limit these native species, for purposes of the guidance document, to those that are fire retardant, fire resistant, or drought tolerant, or any combination thereof.
(5) Existing law authorizes a state or local fire official to authorize an owner of property or his or her agent to construct a firebreak, or implement appropriate vegetation management techniques, to ensure that defensible space is adequate for the protection of a hospital, adult residential care facility, school, aboveground storage tank, hazardous materials facility, or similar facility on the property.
This bill would authorize the director of the Department of Forestry and Fire Protection to authorize an owner of any other property not listed above to construct a firebreak, as provided, if it is determined by the director as necessary to protect life, property, and natural resources from unreasonable risks associated with wild land fires.
(6) Existing law requires a person that owns, controls, operates, or maintains an electrical transmission or distribution line upon mountainous land, or in forest-covered land, brush-covered land, or grass-covered land, to maintain certain clearances between all vegetation and all conductors that are carrying electric current during those times and in those areas determined to be necessary by the Director of Forestry and Fire Protection or the agency with primary responsibility for the fire protection of those areas.
This bill would instead require a person that owns, controls, operates, or maintains an electrical transmission or distribution line upon mountainous land, or in forest-covered land, brush-covered land, or grass-covered land, to maintain certain clearances between all vegetation and all conductors that are carrying electric current in those areas determined to be necessary by the Director of Forestry and Fire Protection or the agency with primary responsibility for the fire protection of those areas.
Existing law requires dead trees, old decadent or rotten tress, trees weakened by decay or disease, and trees or portions of the trees that are leaning toward a line that may contact the line from the side or may fall on the line to be felled, cut, or trimmed so as to remove the hazard.
This bill would instead require dead, rotten, or diseased trees, or dead, rotten, or diseased portions of otherwise healthy trees, that overhang or lean towards and may fall into a line to be felled or pruned so as to remove the hazard. The bill would require green and healthy trees with a structural defect that either overhang or lean toward a line and may fall into a line to be pruned to

remove the hazard. The bill would authorize any person that owns, controls, operates, or maintains any electrical transmission or distribution line to traverse land as necessary, regardless of land ownership, after providing notice and an opportunity to be heard to the land owner, to prune trees to maintain clearances, and to abate, by pruning or removal, any hazardous dead, rotten, diseased, or structurally defective live trees.
(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.
This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

LOCATION:	Assembly Consent Calendar - First Legislative Day
CODE SECTION:	

An act to amend Section 19952.5 of, and to add Section 18941.12 to, the Health and Safety Code, relating to building standards.

SUMMARY:

Requires a commercial place of public amusement newly constructed on or after a specified date to include the installation and maintenance of an ambulatory accessible toilet compartment that meets the standards set forth in the most recent edition of the California Building Standards Code, as specified.

DIGEST:

AB 2994, as amended, Holden. Building standards: public restrooms: grab bars: ambulatory accessible toilet compartments.

The California Building Standards Law provides for the adoption of building standards by state agencies by requiring all state agencies that adopt or propose any building standard to submit the building standard to the California Building Standards Commission for approval or adoption.

This bill would require the commission, in the next triennial adoption process of the California Building Standards Code, to adopt standards requiring newly constructed public restrooms to be equipped with grab bars.

The federal Americans with Disabilities Act of 1990 and the California Building Standards Code require that specified buildings, structures, and facilities be accessible to, and usable by, persons with disabilities. Existing law requires a person and specified others that own or manage a commercial place of public amusement, as defined, that is constructed or renovated, as specified, after a certain date to install and maintain at least one adult changing station, as defined.

This bill would also require a commercial place of public amusement newly constructed on or after January 1, 2025, to include the installation and maintenance of an ambulatory accessible toilet compartment that meets the standards set forth in the most recent edition of the California Building Standards Code, as specified.

CA AB 3002

AUTHOR: Grayson [D]
COAUTHOR(S): Cooley [D], Reyes [D]
TITLE: Disability Access Requirements: Information
FISCAL COMMITTEE: no
URGENCY CLAUSE: no

DISPOSITION: Pending
LOCATION: Senate Judiciary Committee
CODE SECTION:

An act to add Section 4469.5 to the Government Code, relating to disability access.

SUMMARY:

Requires certain local jurisdictions issuing building permits for commercial construction to make available a notice containing specified information regarding disability access. Requires a local building inspector or planning department to provide the informational notice to an applicant for a commercial building permit, as specified. Defines commercial property for these purposes.

DIGEST:

AB 3002, as amended, Grayson. Disability access requirements: information.

Existing law establishes the California Commission on Disability Access within the Department of General Services. The commission is charged with preventing or minimizing problems of compliance by California businesses by providing educational services and recommending programs to enable persons with disabilities to obtain full and equal access to public facilities.

Existing law requires the State Architect to establish a program for the voluntary certification by the state of any person who meets criteria as a Certified Access Specialist (CASp). This position requires certain knowledge and training on standards governing access to buildings for persons with disabilities.

Existing law also requires each city, county, or city and county to provide applicants for a business license or equivalent instrument or permit with certain information regarding compliance with disability access provisions under federal and state law, including information on legal obligations from specified state agencies.

This bill would additionally require the above local jurisdictions issuing building permits for commercial construction to make available a notice containing specified information regarding disability access. The bill would also require a local building inspector or planning department to provide the informational notice to an applicant for a commercial building permit, as specified. The bill, among other things, would require this informational notice to include information on compliance requirements under both state and federal law and an advisory strongly encouraging the applicant to obtain a CASp inspection. The bill would define " commercial property" for these purposes. The bill would include related legislative findings. By imposing new requirements on local government agencies, the bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

TITLE:	Disability Access: Construction Related Access Barrier
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Failed
LOCATION:	ASSEMBLY
CODE SECTION:	

SUMMARY:

An act to add Section 425.49 to the Code of Civil Procedure, and to add Section 19025 to the Welfare and Institutions Code, relating to disability access.

Prohibits a cause of action on the basis of a construction related access barrier in an existing public accommodation by an individual who alleges to have been aggrieved by the existence of the access barrier from accruing unless specified conditions are met. Provides for a written notice sent to the owner and operator. Creates a certain period during which the owner or operator of the public accommodation shall be permitted to remove the barrier.

DIGEST:

AB 3158, as amended, Mathis. Disability access: construction-related access barrier: civil actions.

Existing law prohibits discrimination on the basis of various specified personal characteristics, including disability. Existing law imposes civil liability upon any person or persons, firm, or corporation who denies or interferes with admittance to or enjoyment of public facilities or otherwise interferes with the rights of an individual with a disability, as specified. The Construction-Related Accessibility Standards Compliance Act establishes standards for making new construction and existing facilities accessible to persons with disabilities and provides for construction-related accessibility claims for violations of those standards.

This bill would prohibit a cause of action on the basis of a construction-related

access barrier in an existing public accommodation by an individual who alleges to have been aggrieved by the existence of the access barrier from accruing unless specified conditions are met, including that a written notice has been sent to the owner and operator, as specified. The bill would create a specified 90-day period and an additional 30-day period during which the owner or operator of the public accommodation shall be permitted to remove the barrier or to make substantial progress toward removing the barrier, or to made a good faith effort to remove the barrier, as defined, before a cause of action accrues. The bill would also specify that a cause of action against an owner or operator of a public accommodation on the basis of a construction-related access barrier by an individual who alleges to have been aggrieved by the existence of the access barrier shall not accrue under the Unruh Civil Rights Act, provisions that impose civil liability upon those who deny or interfere with admittance to or enjoyment of public facilities or otherwise interfere with the rights of an individual with a disability, or the Construction-Related Accessibility Standards Compliance Act during a 90-day period, and, if applicable, the additional 30-day period, if a civil action relating to the same construction-related access barrier is pending. The bill would also require the Judicial Council to submit a report to the Legislature on or before January 1, 2021, that analyzes the impact of these provisions, as specified.

Existing law establishes the Department of Rehabilitation in the California Health and Human Services Agency to provide vocational rehabilitation services to individuals with disabilities, and directs the department to cooperate with the federal government in carrying out the purposes of federal statutes pertaining to those individuals. Existing law provides for the inspection of places of public accommodation by certified access specialists to determine if the sites meet all applicable construction-related accessibility standards, and the provision of specified certificates and reports regarding those inspections.

This bill would require the department, on or before January 1, 2020, to develop a program to educate cities, counties, cities and counties, local government agencies, and private property owners on effective and efficient strategies for promoting access to public accommodations for individuals with disabilities by engaging certified access specialists to provide guidance for remediation of potential violations of the federal Americans with Disabilities Act.

SUMMARY:

An act to add Section 14670.37 to the Government Code, relating to state property.

Requires the Director of General Services, before offering the land associated with the Fairview Developmental Center for sale or lease, to complete an assessment of the site and facilities on the land to document the property's current condition and identify potential issues and limitations at the site. Requires the Department of General Services and the State Department of Developmental Services to meet and confer with the City of Costa Mesa and the County of Orange.

DIGEST:

SB 59, as amended, Moorlach. Fairview Developmental Center.

Existing law vests in the State Department of Developmental Services jurisdiction over state hospitals, referred to as developmental centers, for the provision of residential care to individuals with developmental disabilities, including the Fairview Developmental Center. Existing law requires the department, on or before October 1, 2015, to submit to the Legislature a plan or plans to close one or more developmental centers. Existing law authorizes the Director of General Services, with the consent of the State Department of Developmental Services, to lease up to 20 acres of property located within the grounds of the Fairview Developmental Center to a nonprofit corporation, as specified.

This bill would require the Director of General Services, before offering the land associated with the Fairview Developmental Center for sale or lease, to complete an assessment of the site and facilities on the land to document the property's current condition and identify potential issues and limitations at the site. The bill would also require the Department of General Services and the State Department of Developmental Services to meet and confer with the City of Costa Mesa and the County of Orange throughout the transition process for any future use of the property.

DISPOSITION:	Failed
LOCATION:	SENATE
CODE SECTION:	

An act to amend Section 4364.5 of the Welfare and Institutions Code, relating to mental health, and making an appropriation therefor.
SUMMARY:

Appropriates a specified sum from the General Fund to the State Department of Health Care Services for allocation to caregiver resource centers for the purpose of providing respite care services. Requires this funding to be used by the Department to supplement, and not supplant, the previous level of funding. Authorizes those services to be provided in person and, except for respite care services, through the use of remote technologies.
DIGEST:

SB 177, as amended, Nguyen. Cognitively impaired adults: caregiver resource centers.
Existing law requires the Director of Health Care Services to, among other things, maintain or enter into contracts directly with nonprofit caregiver resource centers (CRCs) to provide direct services to caregivers of cognitively impaired adults, as defined, throughout the state. These services include, but are not limited to, specialized information, family consultation, respite care, short-term counseling, and support groups.
This bill would, each fiscal year, commencing with the 2017-18 fiscal year, appropriate $3,300,000 from the General Fund to the State Department of Health Care Services for allocation to CRCs for the purpose of providing those respite care services, and would require this funding to be used by the department to supplement, and not supplant, the level of funding that was

allocated in the 2016-17 fiscal year for CRCs. The bill would also authorize those services to be provided in person and, except for respite care services, through the use of remote technologies.

FISCAL COMMITTEE: yes
URGENCY CLAUSE: no
DISPOSITION: Pending
LOCATION: Assembly Judiciary Committee
CODE SECTION:

An act to amend Section 1418.8 of the Health and Safety Code, relating to health facilities.

SUMMARY:

Amends an existing law which requires the attending physician of a resident in a skilled nursing facility or intermediate care facility who prescribes or orders a medical intervention or that requires the informed consent of a patient who

lacks the capacity to provide that consent to inform the facility.

DIGEST:

SB 481, as amended, Pan. Long-term health facilities: informed consent.
Existing law requires the attending physician of a resident in a skilled nursing facility or intermediate care facility who prescribes or orders a medical intervention of a resident that requires the informed consent of a patient who lacks the capacity to provide that consent, as specified, to inform the skilled nursing facility or intermediate care facility. Existing law requires the facility to conduct an interdisciplinary team review of the prescribed medical intervention prior to the administration of the medical intervention, subject to specified proceedings. Existing law authorizes a medical intervention prior to the facility convening an interdisciplinary team review in the case of an emergency, under specified circumstances. Existing law imposes civil penalties for a violation of these provisions.
This bill would, before implementing a medical intervention that requires informed consent for a resident who lacks capacity to make health care decisions and there is no person with legal authority able and willing to make those decisions, require the physician, skilled nursing facility, or intermediate care facility, to promptly notify the resident, orally and in writing, that it has been determined that the resident lacks capacity, and other information, as specified.

CA SB 684

AUTHOR:	Bates [R]
TITLE:	Incompetence to Stand Trial: Conservatorship
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Enacted
LOCATION:	Chaptered
CHAPTER:	2017-246
CODE SECTION:	

An act to amend Sections 1368.1 and 1370 of the Penal Code, and to amend Section 5008 of the Welfare and Institutions Code, relating to criminal trial. [Approved by Governor September 11, 2017. Filed with Secretary of State September 11, 2017.]

SUMMARY:

Allows the initiation of conservatorship proceedings for a defendant on the basis of a grave mental health disorder. Allows, if the action is on a complaint charging a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person, the prosecuting attorney to request a determination of probable cause to believe the defendant committed the offenses, solely for the purpose of establishing that the defendant is gravely disabled.

DIGEST:

SB 684, Bates. Incompetence to stand trial: conservatorship: treatment.
(1) Existing law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent. Existing law establishes a process by which a defendant's mental competency is evaluated and by which the defendant receives treatment with the goal of returning the defendant to competency. Existing law allows a mentally incompetent defendant to be committed to the State Department of State Hospitals or other public or private treatment facility for a period of 3 years or to a period of commitment equal to the maximum term of imprisonment provided by law for the most serious

offense charged, whichever is shorter, and requires the defendant to be returned to the committing court after his or her maximum period of commitment. If the defendant is gravely disabled upon his or her return to the committing court, existing law requires the court to order the conservatorship investigator of the county to initiate conservatorship proceedings on the basis that the indictment or information pending against the person charges a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person.

This bill would also allow the initiation of conservatorship proceedings on the basis that person is gravely disabled due to a condition in which the person, as a result of a mental health disorder, is unable to provide for his or her basic personal needs for food, clothing, or shelter.

(2) Existing law requires, if the action is on a complaint charging a felony, that a proceeding to determine mental competence be held prior to the filing of an information unless counsel for the defendant requests a preliminary examination. Existing law requires an indictment or information to be pending against the defendant at the time a conservatorship is initiated.

This bill would allow, if the action is on a complaint charging a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person, the prosecuting attorney, at any time before or after a defendant is determined incompetent to stand trial, to request a determination of probable cause to believe the defendant committed the offense or offenses alleged in the complaint, solely for the purpose of establishing that the defendant is gravely disabled, and would grant the defendant a preliminary hearing after restoration of competency. The bill would define "gravely disabled" for these purposes as a condition where the person has been found mentally incompetent by specified procedures, and certain other facts exist, including, among others, that the person is charged with a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person. The bill would allow for the initiation of a conservatorship upon a criminal complaint if there has been a finding of probable cause on the complaint. The bill would provide that a proceeding to determine mental competence, or in the alternative, a request for a preliminary examination, as described above, would not preclude a determination of probable cause as described above, and vice versa.

CA SB 1011

AUTHOR:	Roth [D]
TITLE:	Proceeding to Establish Limited Conservatorship
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Pending
LOCATION:	Senate Judiciary Committee
CODE SECTION:	

SUMMARY:

An act to amend Sections 1821 and 1827.5 of the Probate Code, relating to conservatorships.

Specifically authorizes a petition for a conservatorship to establish a limited conservatorship for a person with a developmental disabilities to be additionally supported by the most recent individual program plan regarding the proposed limited conservatee. Expands the time in which a regional center is generally required to submit the report to the court before the hearing on the petition. Requires the most recent IPP to be attached to the report.

DIGEST:

SB 1011, as amended, Roth. Proceeding to establish limited conservatorship: person with developmental disabilities.

(1) Existing law requires a petition for a conservatorship to provide identification and contact information about the proposed conservator and the proposed conservatee, and state the reasons why a conservatorship is necessary. Existing law further requires a petition to be supported by separately filed supplemental information that is protected from disclosure, except under specified conditions. This bill would specifically authorize a petition to establish a limited conservatorship for a person with developmental disabilities to be additionally supported by the most recent individual program plan (IPP) regarding the proposed limited conservatee and provide the IPP with similar protections from disclosure as the supplemental information provided in support of a petition.

(2) Existing law requires, in a proceeding on a petition to establish a limited conservatorship for a person with developmental disabilities, a regional center to evaluate a proposed limited conservatee, with his or her consent, and submit a written report of its findings and recommendations. Existing law requires the regional center to submit this report to the court at least 5 days before the hearing on the petition.

This bill would expand the time in which a regional center is generally required to submit the report to the court from 5 to 15 days before the hearing on the petition. The bill would require the regional center to attach the most recent IPP to its report regarding a person who is a client of a regional center.

CA SB 1040

AUTHOR:	Dodd [D]
TITLE:	In Home Supportive Services: Natural Disaster
FISCAL COMMITTEE:	yes
URGENCY CLAUSE:	no
DISPOSITION:	Pending
LOCATION:	Assembly Human Services Committee
CODE SECTION:	

An act to amend[A> Sections 34052 and 34054 of the Health and Safety Code, to amend<A] Section[D>~~12300~~</D] [A> 12301.1<A] of, and to add Sections[D>~~12304.41~~</D] [A> 12304.41, 12305.88,<A] and 12312 to, the Welfare and Institutions Code, relating to in-home supportive services.

SUMMARY:

Amends existing law relating to the Predevelopment Loan Fund. Requires first priority for those funds in providing disaster relief to also be given to fund housing for in home supportive services recipients and for the remediation and restoration necessary to return that recipient to his or her home that has been damaged by a natural disaster. Specifies that an extraordinary circumstance may include a situation arising out of a natural disaster.

DIGEST:

SB 1040, as amended, Dodd. In-home supportive services: natural disaster.

(1) Existing law establishes the In-Home Supportive Services (IHSS) program, administered by the State Department of Social Services and counties, under which qualified aged, blind, and disabled persons are provided with supportive services, as defined, in order to permit them to remain in their own homes. The California Emergency Services Act authorizes the Governor to declare a state of emergency under specified conditions and requires a county, including a city and county, to update its emergency plan to address, among other things, how the access and functional needs population, as defined, is served by emergency communications, evacuation, and sheltering.

This bill would require a county to use a void and reissue warrant process for any provider who lost or had damaged an uncashed warrant because of a natural disaster resulting in a state of emergency. The bill would require a county, including a city and county, at the next update to its emergency plan, to integrate and require the assessment and provision of supportive services to IHSS recipients.

(2) Existing law establishes the Predevelopment Loan Fund for the purpose of making predevelopment loans and land purchase loans to eligible sponsors, as defined, for assisted housing for occupancy primarily by persons of low

income. Existing law requires the Department of Housing and Community Development to award those funds to provide disaster relief in communities subject to a natural disaster, if the funds have been made available for that purpose. Existing law requires those funds to be used for housing persons of low income and moderate income, with first priority given to funding housing for persons of low and moderate income. Existing law also requires the funds to be expended only for rehabilitation or reconstruction of housing and related infrastructure that has been damaged as a result of a natural disaster.

This bill would require first priority for those funds in providing disaster relief to also be given to fund housing for IHSS recipients and for remediation and restoration necessary to return the IHSS recipient to his or her home that has been damaged by a natural disaster.

(3) Existing law requires a county welfare department to establish an IHSS recipient's weekly authorized number of hours of services, pursuant to a specified formula. Under existing law, the county welfare department may temporarily adjust the authorized weekly hours of a recipient at the request of the recipient to accommodate unexpected extraordinary circumstances.

This bill would specify that the extraordinary circumstance may include a situation arising out of a natural disaster.

(4) Existing law requires all prospective IHSS providers to complete a provider orientation at the time of enrollment and requires the applicant to sign a statement specifying, among other things, that the provider has attended the orientation and understands that failure to comply with the program rules and requirements may result in the provider being terminated from providing services. Existing law requires a county to investigate the criminal background of a person who seeks to become an IHSS provider, and upon notice that the applicant has been convicted of specified crimes, to deny the application. Existing law prohibits a person from providing, or receiving payment for providing, supportive services for 10 years following a conviction or incarceration for fraud against a government health care or supportive services program, or for a conviction or incarceration for a violent or serious felony, as defined.

This bill would authorize a person who has not yet completed the orientation and enrollment requirements, or for whom a criminal background check has not yet been completed, but who is providing services to a recipient, to be paid for services rendered to that recipient, for a period not to exceed 3 months, if the county welfare department has approved the services by that provider and a natural disaster resulting in a declared state of emergency has left the recipient without his or her preferred provider.

(5) By increasing the duties of counties, this bill would impose a state-mandated local program.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.
