

Financial Management Services

FMS

This is the only service that is required to be vendorized by the Regional Center and is required of all Self-Determination Participants to have.

FMS Model	Number of Services	Max Rate Per Month
FMS as Bill Payer	1-3	\$50
	4-6	\$75
	7+	\$100
Participant as Sole Employer	1-2	\$110
	3-4	\$125
	5+	\$150
Participant & FMS as Co-Employers	1-2	\$125
	3-4	\$140
	5+	\$165

Note: If the FMS provides payments through more than one of the models above for a participant, then the maximum rate for that participant cannot exceed the highest cost model for the total number of services. For example, if a participant is using five services, and the FMS is a "bill payer" for two services and a "co-employer" for three services, the maximum rate charged to the participant cannot exceed \$165 per month. In all cases, the participant and FMS can agree to rates lower than the maximum rates above.

List of Current Valley Mountain Regional Center FMS Providers
