## Virtual Dental Home Information Session

*Project Type:* **Virtual Dental Home (VDH); In Home- Mobile Dentistry Support Services**

**Background:** Valley Mountain Regional Center (VMRC) is a private, non-profit corporation that contracts with the State of California to provide diagnostic, evaluation, case management, and early intervention services to people with developmental disabilities. VMRC purchases essential services for people with developmental disabilities. Additional background information about VMRC is available on our website located at <https://www.vmrc.net/>

### **Description of Project:**

Difficulties accessing dental services has been a long-standing problem for the Valley Mountain Regional Center (VMRC) and for children and adults that it serves. There are very few dentists willing to accept patients with developmental disabilities. This is exasperated by the fact that many VMRC consumers have Denti-Cal coverage which most dentists do not accept as a form of payment. In addition, many dentists feel they are not adequately trained to serve this population.

VMRC plans to improve access to oral health services and improve oral health for children and adults that it serves by the securing of qualified Dentist's and/ or Hygienists to implement the Virtual Dental Home (VDH) model. The VDH model of support is designed to offer customizable oral health supports for persons with intellectual and developmental disabilities who reside in licensed support settings in VMRC's five county catchment area (Amador, Calaveras, Tuolumne, San Joaquin, and Stanislaus Counties) .

Services will be authorized under Service Codes 115, 117 and 715

VMRC and Dr. Paul Glassman will be hosting information sessions during the month of February to provide specific rate information.

### **Informational Sessions to be held on (attendance at BOTH is NOT Required):**

- **Monday March 28, 2022, via Zoom 12 pm to 1 pm**

Join Zoom Meeting
