Community Crisis Home San Joaquin County

(All Projects Subject to DDS Funding-these funds are yet to be approved)

***Service/Project Type:* Community Crisis Home(CCH) for Adults (ages 18-59)**

Funding Available: \$150,000 (pending DDS approval of VMRC’s 23-24 CPP Plan)

Posting Date: Friday January 19, 2024

Deadline for Application Submission: Monday February 5, 2024, by 5:00 p.m.

Description of Project: Provide services in a Community Crisis Home (CCH) for up to four (4) Adult males/ and / or females with intellectual and developmental disabilities who are in crisis or recovering from a recent crisis episode. The individuals served will likely have a co-occurring mental health diagnosis.

Development Timeline: The home will be purchased and renovated by a Housing Development Organization (HDO) funded under a separate grant. The home should be ready to be licensed by October 1, 2024

INTRODUCTION

VMRC is a community-based, private nonprofit corporation that is funded by the State of California to serve people with developmental disabilities as required by the Lanterman Developmental Disabilities Act. The Lanterman Act is part of California law that sets out the rights and responsibilities of persons with developmental disabilities. Valley Mountain is one of 21 Regional Centers throughout California serving individuals with developmental disabilities and their families. VMRC provides services to persons within San Joaquin, Stanislaus, Amador, Calaveras, and Tuolumne Counties.

DESCRIPTION of PROJECT

A qualified service provider agency is needed to support adult persons served by VMRC who have intense supervision needs, as an alternative to out-of- area settings (Star Homes, PDC, IMD settings). This project will be a short-term crisis home with a “no reject, no eject” policy for adults referred.

The Community Crisis Home (CCH) is a relatively new model of service, certified by the State of California Department of Developmental Services and licensed by the State of California Department of Social Services. (Government code 11346.2 (b) and California Code of Regulations Title 17, Division 2, Chapter 3, Subchapter 23). The home provides 24-hour non-medical care to individuals with developmental disabilities who require crisis intervention and behavioral supports, enhanced staffing, and supervision in a homelike setting.

The CCH behavioral services and supports provided to address the challenging behaviors and mental health needs include additional staffing, supervision, facilities, and other services and supports which are beyond what is typically available in other community-based group homes. The goal is to ensure the individuals are provided services in a homelike community setting rather than an institutional setting. (WIC 4684.80(a) and (b)). Behavioral challenges that may be present are, but not limited to, elopement; verbal and severe physical aggression; tantrums, stealing, false allegations, high anxiety, hyperactivity, impulsivity, panic attacks, phobias, sexualized language, and gestures; property destruction; self-injurious behavior including head banging, scratching, and picking; resistiveness to routines and directions that result in aggression toward staff and peers. Individuals may have a history of displaying severe or profound challenges which are related to either the developmental/intellectual disability and/or the mental health conditions. Individuals may be experiencing symptoms which have been untreated and/or not managed well and thus may have recent history of repeated psychiatric hospitalizations

The service provider should be prepared to serve males and/ or females who may be ambulatory and non-ambulatory, from ages 18-59 years of age. Every resident will be required to have their own private bedroom. The program plan requires that each resident be provided a comprehensive behavior support plan that is person-centered, trauma-informed and embraces a positive supports approach. The CCH service provider and support professionals will support individuals in overcoming the barriers that interfere with their relationships among family and friends and with their successful integration into the community. The supports provided ensure the intensive services needed to support individuals during behavioral crises are provided so the need for acute crisis services or admission to acute psychiatric facilities or institutions for mental disease is minimized or prevented.

The services provided will need to include but are not limited to, comprehensive person-centered services, psychiatry, intensive behavior management, and medical/nursing care. The residents will likely need supports in some of the following areas: emotional self-regulation; anger management; development of coping skills; establishing healthy relationships with staff, family, and peers; medication management; accessing health care professionals; development of leisure interests; accessing community-based leisure/recreation services and activities; opportunities to have daily physical activity; engaging in educational services on or off site; developing independence with activities of daily living.

The location of the home will be within the five (5) county catchment area of VMRC. The final location is subject to approval by VMRC.

Consistent with the CCH service model, the home will be owned and renovated by a Housing Development Organization (HDO) or a Non-Profit Housing Organization (NPO) that will work collaboratively with the service provider and regional center to identify, develop, and renovate the property to meet the needs of individuals identified to live in the home. The home acquisition and renovation are funded under a separate grant process. The successful service provider applicant for the CPP grant will lease the property back from the HDO/NPO. The HDO/NPO will negotiate through their contract responsibility for the ongoing maintenance of the property and home.

The startup funds identified in this RFP are solely for the use of the service provider for the establishment of a licensed home, including, licensing fees, furnishings, supplies, personnel recruitment, staff training, planning, and meetings. Services provided in the CCH are required to meet all requirements per California Code of Regulations, Title 17, sections 59000 through 59022 which can be found in its entirety as follows:

All proposals must address certain basic points including the following:

- Compliance with State of California Code of Regulations, Title 17, sections 59000 through 69022 that apply to operating Enhanced Behavior Support Homes.
- Compliance with State of California Title 22 Community Care Licensing (CCL) regulations prior to vendorization by VMRC.
- Compliance with new regulations issued by the Centers for Medicare and Medicaid Services (CMS) regarding standards that must be met, by all Home and Community-Based Services (HCBS) to receive federal funding. Refer to www.medicaid.gov for more information about “The Medicaid Home and Community Based Services Setting Rules.”
- Qualifications of the Administrator ensuring a minimum of 2 years prior experience with individuals with developmental disabilities in a licensed residential facility for persons with developmental disabilities. Must be a registered behavioral technician (RBT) or a licensed psychiatric technician (LPT) or a qualified behavior modification professional (QBMP). Administrator and licensee must both possess a current Administrator Certificate.
- Qualifications and training of Lead Direct Support Professional and Direct Support Professionals and the Qualified Behavior Modification Professional (QBMP).
- Identification of an array of consultants and how they will be utilized to support the individualized program plan for each child. Consultants may include but are not limited to, psychiatrist, physician, nurse, Board Certified Behavior Analyst, Nutritionist, Recreation Therapist, Occupational Therapist, Speech Therapist, and Physical Therapist.
- Services are provided in accordance with person-centered plans that focus on the achievement of individual goals and individual values.
- Strategies and approaches in developing and adjusting the individual program plan, including the behavior plan to ensure optimal results in reducing target behaviors and replacing them with socially acceptable behaviors.

SELECTION PROCEDURES and SCORING

Those proposals received by the deadline will undergo a preliminary review to ensure the application meets the requirements as stated in the RFP. Incomplete application packets will not be eligible for consideration. The proposal review committee will be seated by VMRC. Application packets will be reviewed for completeness, applicant experience, and fiscal stability, resources of applicant, reasonableness of costs, and ability of applicant to identify and achieve outcomes to implement the project requirements. Qualified applicants whose proposals score 75% and above will be scheduled for an interview. The interview process will consist of the selection committee members asking questions about the content of the RFP Application Packet, and Budget Proposal and the projected timelines.

The selection committee will use the following criteria to rate all proposals.

Appendix A --Proposal Title Page	5 points
Appendix B --Statement of Obligations	5 points
Appendix C --Program Description	20 points
Appendix D --Financial Statement	10 points
Appendix E --Estimated Cost Worksheet	15 points
Appendix F --Start Up Budget	15 points
Appendix G --Rate Development Facility Costs (DS 6023)	15 points
Appendix H --Strategic Plan	15 points
Total	100 points

In addition to evaluation on the merit of the entire proposal application packet, applicants will be evaluated and selected based on previous performance including the timely completion of projects, a history of cooperation with regional centers and funders, ability to complete projects within budgeted amounts, and a track record consistent with established timelines for development. Applicants should be prepared to answer questions about the contents of the RFP Application Packet and Budget Proposal and the daily operation of the service before a panel of Review Committee members. The applicant's demonstrated commitment to serving people with intellectual and developmental disabilities will be given special consideration.

RESERVATION OF RIGHTS

VMRC reserves the right to request or negotiate changes to a proposal, to accept all or part of a proposal, or to reject any or all proposals. VMRC may, or at its sole discretion, not award a contract, if in its determination, no applicant is sufficiently responsive to the components of the request for proposal. VMRC reserves the right to withdraw this RFP and/or any item within the RFP at any time without notice. VMRC reserves the right to disqualify any proposal which does not comply to the REP requirements. This RFP is at the discretion of VMRC, it does not commit the regional center to award the grant.

COST of PROPOSAL SUBMISSION

Applicants responding to the RFP shall bear all costs associated with the development and submission of the proposal.

DISSEMINATION of FUNDS

Funding for this project is contingent upon budget approval by the Department of Developmental Services. Upon approval disbursement of the Grant Funds will be made on a reimbursement basis for approved expenditures accumulated monthly.
